## a note from Tamryn.

In our last newsletter, we announced that my book, Spirit of Fire has been translated from English to Amharic, the official language of Ethiopia. The first batch of books has now been printed and we want to get these into the hands of the pastors in the towns in which we have already held crusades, as soon as possible. Hence, key members of my team and I will be embarking on a book launch tour that will involve us visiting strategic locations and giving copies away to hundreds of pastors. These pastors will then teach their congregation members what the book explains with crystal clarity, namely: How to labour with the Holy Spirit to win the lost and set the captives free! Be blessed as you read about this upcoming trip and please keep us in your prayers. Ethiopia must and shall be saved.

# about the book

In a nation in which less than 25% of 110 million people are born again, it is essential that every believer be empowered to be used by God as a highly effective soul-winner, with signs and wonders following. Spirit of Fire does just this, teaching on what it means to be filled with the Holy Spirit and how to partner with Him to share the Gospel and pray for those in need.

## did you know?

Amharic has been the official working language of Ethiopia—the language of the courts, trade, military and everyday communications—since the late 12th century.

# about the tour

The book launch tour will take place from 27 July to 10 August. In the two pages that follow, the towns being visited are introduced and also, at which locations pastors from nearby towns will likewise join the meetings, so they too can receive free books.

Arba Minch, Dec 2017

Gambela, May 2017

# about the towns

## Gambela

We crusaded in Gambela in May 2017. This town is located in the West of Ethiopia, close to the South Sudanese border and inhabited by many South Sudanese refugees. We will be meeting with both Ethiopian and South Sudanese pastors, giving Amharic books to the former and English books to the latter.

## Ziway

We crusaded here in December 2018. This town is located on the banks of Lake Ziway, around 170km (100 miles) from the capital, Addis Ababa. The vast majority of the population still follow other faiths and there is still much work to be done.

## Shashamane

We crusaded in Shashamane in December 2019. Once again, the majority of the population are not yet born-again believers. Pastors will also join us from nearby YIRGA ALEM, ALETA WENDO and DILLA, locations where we held crusades in October 2018, March 2021 and February 2017, respectively.

# Shone

We crusaded in Shone in February 2020. Here, pastors will also meet with us from BODITI (January 2021), ADILO (December 2020), ANGACHA TOWN (November 2020) and HOSAENA (February 2018).

# Arba Minch

We held a crusade in Arba Minch in December 2017. Here, pastors will also connect with us from JINKA, where we crusaded in June 2018 and SAWLA, where we crusaded in March 2019.

# Dire Dawa

This will be the first time that we visit this location. Dire Dawa is a city in the west of Ethiopia with less than 3% of its half a million population being born-again believers. We will hold meetings with the local pastors, distribute free books and discuss how we can help them win Dire Dawa for Jesus.
