

HIS NAME GLORIFIED

ISSUE 02

MAY 2020

Publication of
In His Name Ministries

a note from Tamryn.

The Lord is our strength. He is our rock and fortress. He is our shield, stronghold and the horn of our salvation. He is Redeemer, Protector and Provider. He is Healer and Deliverer. This is our God and He is worthy to be praised! While you are always in my heart and in my prayers, over the past two months, I have been travailing more earnestly for you than ever before. Be encouraged, dear friend. When we emerge from this pandemic, we will be stronger in spirit, more fervent in faith and have testimony after testimony to share of the never-failing faithfulness of our Heavenly Father. Yes indeed, we can stand wholly confident in this splendid truth: "Anyone who believes in Him will never be put to shame" (Rom 10:11).

What's been happening?

What follows are key projects our team has been busy with as well as some free resources that shall both encourage and equip you.

When COVID-19 started rearing its ugly head in Africa, it was a week before our crusade in Asella, Ethiopia. Our staff had been working for many weeks in the town itself, training volunteers, interceding with believers, promoting the meetings and making the necessary preparations. When the government banned all mass gatherings until further notice, the wind was knocked from our sails - for a moment at least! Between then and now, our planning teams in Ethiopia and South Africa have continued labouring towards the supreme goal of winning Africa for Jesus, within the limits of lockdown restrictions. What follows are some key projects with which we have been busy as well as mentions of free resources that will strengthen and edify you in your walk with the Lord. Heartfelt thanks for your continued support. This pandemic is softening many hearts that were previously hardened against our God, unveiling their need for Him. The harvest we will see reaped once we can return to the mission field shall be glorious in magnitude, indeed!

crusade preparation.

Although the movements and activities of our staff in South Africa and Ethiopia are still seriously limited due to the lockdowns being enforced in these nations, we are pushing hard to keep preparations for the following three crusades afloat. Please, keep these locations in your prayers.

Mageva, RSA
(23 - 27 Sep)

Asella, Ethiopia
(5 - 8 Nov)

Asosa, Ethiopia
(3 - 6 Dec)

course development.

While we have always taught pastors on various topics in the build-up to our crusades, we are busy developing more formal, certificate-awarding courses that will leave them even further equipped and motivated. Topics include: Evangelism; Intercession; Discipleship; Volunteer Training.

empowering local evangelists.

In the weeks preceding crusades, we have always held mini-outreaches in the targeted town itself and its neighbouring villages. We are working on plans to increase the number, size and effectiveness of these outreaches. Local evangelists will conduct the events, trained and funded by In His Name. In this way, they will be empowered to have a greater impact among their own people. We are also holding weekly video chat meetings with South African evangelists, under the banner of our organisation for soul-winners: Evangelist Support Network. At these meetings, guidance is given, wisdom imparted and solutions brainstormed.

translation work.

Tamryn's book, "Spirit of Fire" is being translated and printed in Amharic for free, mass distribution to Ethiopian church leaders. Amharic is the official language of Ethiopia. This book teaches on the Holy Spirit and how to partner with Him to win souls for Jesus.
